

DISCLAIMER

This webinar is not to be used instead of going to a competent doctor, I do not directly nor indirectly dispense medical advice or prescribe in any way alternative treatment for sickness (it is illegal to do so).

In the event you use this information, which is only of historical value, you are prescribing for yourself, which is still your constitutional right. I assume no responsibility.

I am independent in my attempt to educate the public. Although I do endorse some top quality products, I receive no financial support from any health or herb product company for producing this information.

I also believe that it is a crime that we have to pussyfoot around the truth because there is a law that says that I cannot declare what changing your lifestyle and diet can do for your health. I believe in this great country and will do my best to try to obey its laws even if I strongly disagree with them.

Herbs, supplements and diet work slowly. I suggest that you do not go off any medication without the help of a doctor.

I say this not only because it is the law, but because I BELIEVE STOPPING MEDICATION WITHOUT THE ADVICE AND GUIDANCE OF A DOCTOR IS UNWISE AND DANGEROUS.

If I would like to make healthier changes in my diet and my doctor was not willing to help me while I worked with a natural health practitioner, I suggest you find a doctor who values and respects his patient's wishes and rights and fire the doctor who would not!

Pinched Nerve or Damaged Spine

Nerve Rings Look Like Ripples of Water

Stress Rings – Nerve Rings

LYMPHATIC SYSTEM
Zone 6 of 7

Lymph nodes are clogged and the immune response is sluggish

White means they are congested

Yellow means they are chronically congested

Orange means they are degeneratively congested

Make sure a psora is not discoloring the lymph spot(s). For instance an orange psora covering a white lymph can make it appear to be degeneratively congested.
