This webinar is not to be used instead of going to a competent doctor. I do not directly nor indirectly dispense medical advice nor prescribe in any way alternative treatment.

In the event you use this information, which is only of historical value, you are prescribing for yourself which is still your constitutional right. I assume no responsibility.

I am independent in my attempt to educate the public. Although I do endorse some top quality products, I receive no financial support from any health or herb company for producing and sharing this information.

I also believe it is a crime that we have to pussy foot around the truth because there is a law that says that I cannot declare what changing your lifestyle and diet can do for your health, but I love this great country and will do my best to try to obey their law, even if I strongly disagree with them..

Natural health works slowly. I suggest that you do not stop medication without guidance of a doctor. I say this not only because it is the law, but because I BELIEVE STOPPING MEDICATION WITHOUT THE GUIDANCE OF A DOCTOR IS UNWISE AND DANGEROUS.

If you would like to make healthier changes in my diet and my doctor was not willing to help you while you work with a natural health practitioner, I suggest you find a doctor who values and respects his patient's rights and fire the doctor who would not!

•Understanding Acupuncture is helpful but not necessary

•Pain indicates where meridian is compromised

•There are a few basics outlined in the Lifewave pamphlets which can let you know a possible placement of the patches

How Do the Patches Work?

Excess or too much Chi - Overly Yang

- Inflammation, Swelling
- Acid
- Misalignment, Blockage

Energy can move and put pressure at another pinching

MarysHerbs.com

Chi Which is Stagnate or Dulled in One Spot Effects All Organs, Glands and Tissue Along that Meridian

How Do the Patches Work?

- Insufficient or Not Enough Chi
- Poor Energy to Chi Because of a Restriction Further Up in the Meridian
 - Malnutrition or Mal absorption to Cells
 - Lack of Energy or Frequency of Tissue
 - Aging Process
 - Lack of Sleep and Fatigue

How does the IceWave Patches Work?

In Theory

Unlike pain relievers which only dulls the perception of pain allowing more damage to occur.

Acupuncture points along the meridians can be stimulated or an arch can be provided which helps the correct level of chi to flow into various parts of the body.

This harmonious chi allows the body to heal and open up the pent energy relieving pain.

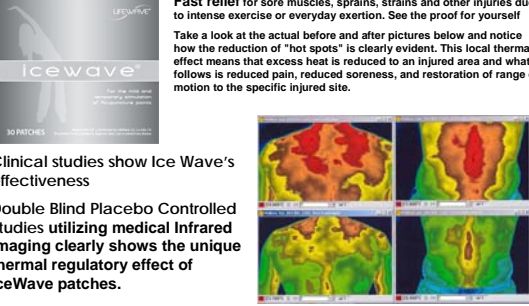

Each type of patch has several places where the chi can be re-established.

LIFEWAVE® icewave®

Fast relief for sore muscles, sprains, strains and other injuries due to intense exercise or everyday exertion. See the proof for yourself

Take a look at the actual before and after pictures below and notice how the reduction of "hot spots" is clearly evident. Clinical studies show Ice Wave's effectiveness

Double Blind Placebo Controlled Studies utilizing medical Infrared imaging clearly shows the unique thermal regulatory effect of IceWave patches.

GLUTATHIONE BOOSTER

Glutathione Levels VS Age

Glutathione Levels in the body

AGE 0 10 20 30 40 50 60 70 80 90

Glutathione is a material found naturally in the human body.

It is made of the amino acids Glycine, Glutamic Acid and Cysteine.

As we age our **Glutathione** levels start to decline.

Many scientists now believe that how long we live is directly proportional to how high our **Glutathione** levels are.

<http://www.livonlabs.com>

GLUTATHIONE BOOSTER

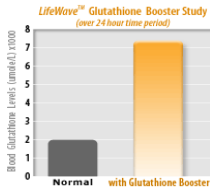

Glutathione functions in our body as the **master antioxidant**. **Glutathione** protects our body like other antioxidants, but is also capable of "recharging" and increasing your bodies levels of other antioxidants such as Vitamin A, C, and E.

If you could only take one antioxidant supplement it would be **Glutathione**.

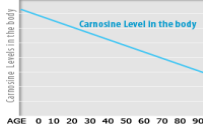

Glutathione Booster, within 24 hours the average increase in **Glutathione** is over 300% HIGHER than normal.

In comparison, **Glutathione** pills and drinks only increase blood levels by a meager 10%.

CARNOSINE BOOSTER

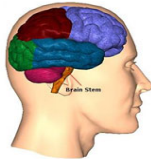

Carnosine Levels VS Age

Carnosine is an extremely powerful nutrient, but unfortunately as we age our **Carnosine** levels start to decline.

Senility and Alzheimers disease are thought to be linked to plaque formation on the brain.

Studies on **Carnosine** have shown that it is one of the protective mechanisms of the **microvasculature of the brain, holding off the formation of plaque**

CARNOSINE BOOSTER

Studies on **Carnosine** show that it has the ability to **turn old cells into young and healthy cells by repairing cellular damage.**

The difference is the one on the left has been supplemented with **Carnosine**.

CARNOSINE BOOSTER

"REPAIR THE BODY"

Y-Age Carnosine Booster is a **new** and **powerful** method never before available for elevating the body's level of **Carnosine**
