

HORMONES...A product of living cells that circulates in body fluids or sap and produces a specific effect on the activity of cells remote from its point of origin ; especially : one exerting a stimulatory effect on a cellular activity.

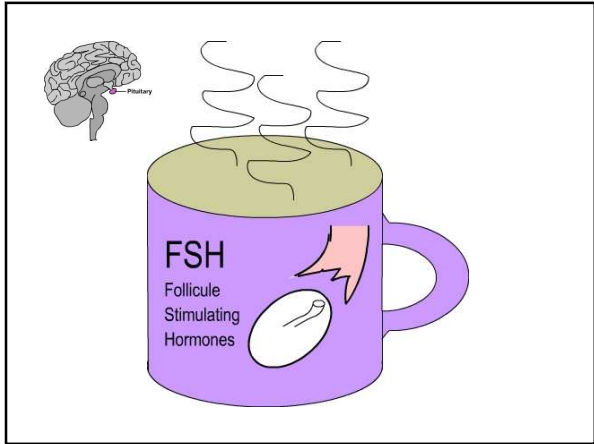

The illustration shows a man in a green uniform holding a scroll. To his right is a control panel with three buttons: a green button labeled 'Start', a red button labeled 'Stop', and a white button labeled 'Next'. Below the buttons, the text 'Hormone Remote' is written.
